THERE are many persons suffering from Coughs, Consumptive tendency, Scrofulous affections, Debility, and Emaciation, that fully believe Cod Liver Oil the only remedy for their maladies, but who hesitate to take it because it *tastes* and *smells* so badly. We request all who entertain this objection to call at our stores, *and receive gratis, a sample bottle of our new oil*,—which is the sweetest and purest ever produced by any manufacturers in the world. It is almost free from taste and smell, and will not be rejected by the most delicate stomach. It will cost nothing to try it. Do not allow the opportunity to pass.

MARGARET DUDLEY.

A STORY OF RHODE-ISLAND.

(Continued.)

CHAPTER V.

It was no place, that low dark entry of the Colony House for the conversation of lovers, or even of friends; so Margaret did not resist when the young Captain drew her arm within his and thus led her away. Threading some narrow streets above the Parade they were soon in the quiet Jew's Lane which led them out into open fields behind the town. Even the luxury of the colonial Metropolis had not then extended to the spots where now fashion and gaiety reign triumphant, for three months in the year,—and cows and sheep were grazing on the site of the "Bellevue" and the "Fillmore" as they walked silently rapidly on, hastening away as it were from the sad presence, into the unknown, scarcely more hopeful future.

Had they been gifted with prophetic eyes they might have been conscious of strange thoughts as there among the open fields they foresaw the scenes of gayiety and ease which were to replace the loneliness of their present landscape and the anxieties of their own hearts.

But neither of them was blessed with a keener glance into futurity than is possessed by the majority of their fellow-mortals; and now, when the present was so dark around them they took little thought of what might happen, when they with all their hopes and fears, their joys and sorrows were buried in the grave, Margaret, with her quick womanly tact, was the first to speak.

"Perhaps I am not doing right in this, Frank; I know that my father would be very angry indeed, if he thought I was here. But what can I do? I have no other friend to go to, and I am sure I need one more than I ever did before in my life."

Frank took the little hand that rested upon his arm and pressed it warmly, the blushing girl went on; "I would not have done it if I had not seemed obliged to; but what else could I do in our situation?

This was just what she had been repeating to herself all the way in order to persuade herself fully that she was about to do only what was right. But is was far different from the greeting which Frank had allowed himself to hope for, and which he all the same day had been fondly anticipating. To his proud and sensitive nature it seemed almost like charging him with taking an unkind advantage of the new position in which the war had placed them.—He dropped the hand he had been pressing, and coloring to the temples replied:

"I had supposed that this interview, which was not in the first place solicited by me, is for your father's sake. I trust you known me well enough not to suspect me of any design to pervert it for my own."

Margaret looked up in surprise when the cold and formal tone in which her companion spoke fell upon her ear. But the eyes which should have met hers were endeavoring to look very unconcernedly at the cows in a neighboring field. The conviction, that the love he once bore her, was forgotten, dashed across her, for a moment she felt as if about to faint in his arms; then recovering herself she replied in as careless a voice as she could assume:

"I shall be very grateful to you Captain Tillinghast, for any kindness you may show my father; and though I may never be able to repay you.

"Whatever I may be able to do for Colonel Dudley, will be done without any hope of reward. There was a time indeed when I could have spent my life in his service happily, because he had a reward that I coveted."

"But since that time is past,"

"Yes, since that time is past."

"Why do you interrupt me, and repeat my words?"

The truant eyes met hers with a fixed and searching gaze.

(To be Continued next week.)

The Northampton *Gazette* says "that a piece of property" from Richmond Va., with the appearance of manhood about him, and a face whiter than half the men in Massachusetts, spent one night in that town last week, and assisted by the contributions of a few benevolent individuals, started in the morning for freedom and the frozen regions in the Queen's dominions.

Newport Daily News

THURSDAY MORNING, FEB. 18, 1858.

A Charcoal Sketch of a Prominent Democrat.

To understand the point of the following rich sketch, it is necessary to premise that the subject of it has been the confidential Kansas correspondent of the St. Louis Republican, and an active Border Ruffian, and made the columns of that stupid sheet lively with lies for two years past. Pate is at present postmaster at Westport, Mo., and is one of Buchanan's spies for Kansas. He took an active part in cooking up the Oxford and Shawnee frauds, and is a Democrat of the first water.

H. CLAY PATE IN HIS TRUE COLORS.

[From the Cincinnati Commercial]

Some years, four or five years, perhaps, ago, the door of a lodging room, in the third story of an obscure building of this city, was labeled with startling letters, (letters that an Irishman might call very loud) "H. CLAY PATE, AUTHOR!" Behind this door were the quarters of a slight young man who had thrust distinction upon himself, by publishing, at his own expense, a *book!* The frontispiece thereof was a wood cut of the "author," with a fac similie of the autograph of that illustrious individual. We weigh our words when we say that we never saw a more luxurious ridiculous thing in or out of Punch—McLelan's best designs of Doesticks and his friend Damphool, would not compare with it. The matter of the valuable volume, however, was all that could have been inferred from the frontispiece. It was made up of several mournful attempts at "tales," and a mass of essays, a petrated horrible, introduced by a prodigious exhortation to all young men of the country to go through with a college course at the institution, of the workmanship of which the "author" was a blossoming specimen.

The next thing after his book he became sorely frightened about the Pope. He was convinced that the Pope meditated the conquest of the continent of North America, and preached in several of the rural districts a crusade against the "Scarlet Demon." For a time he was aid-de-camp of Pap Taylor in the campaigns conducted by that remarkable metaphysician against the Babylonish monstrosities, which like the saurians from the slime of ages, were about to crawl over "this fair land of ours," and spoil its sweetness with their foul and pestiferous, &c., &c. After gallivanting the situated Gavazzi about for a while, he disappeared, and lo! he turned up as the Kansas correspondent of the Missouri Republican.

The next thing of especial moment was the "author's" account of the honored "battle of the Black Jack," an action perhaps the most important in the Kansas war. The "point" was that Pate, with a company of the chivalry, made an attempt to take that pesky free soiler, "Old Brown of Ossawatomie;" but Brown took them! The history of this military operation is delicious. Pate, while raising his troops for the attack on old Brown, was mounted on a fine horse, had a splendid sword girt upon his thigh, while his waist was bound in the martial folds of a scarlet sash, and he galloped about the streets of Westport, calling upon true-hearted patriots to turn out. He went forth. He met the enemy. He led his men into a ravine where old Brown had them at his mercy, and after a few shots he surrendered. And the heartless old Brown took from him his fine horse, his gay sash, his silver mounted sword, and sent him back to Missouri *mounted on a poor little jackass.* He is said, when riding into Westport upon this congenial animal, to have borne a striking resemblance to a Shanghai rooster in a hard rain.—Bost. Jour.

Speaking of the Missouri Republican we noticed in that enormous journal a few days since, a conspicuous heading, announcing "BLACK REPUBLICAN HYPOCRISY EXPOSED." We shivered, prepared to change our politics and read.—The hypocrisy of the Black Republicans was made manifest by the fact that while they denounced the Lecompton Constitution in measureless terms, *for forbidding any alteration in that instrument for years to come, the "Topeka" free State constitution contained a similar clause!*

It takes these gentlemen the ultra of southern "principles" to teach us what we think, and what political objects we have in view. They tell us, that we want to infringe upon their rights!—that we want to take away their "property"—steal their "cattle," and that we do not entertain half the respect for the negro character, or treat them half as well as they do, but yet are "Nigger Worshippers," notwithstanding, *and that we condemn the Lecompton Constitution for containing the same provisions that the Topeka instrument does!*—What a funny reason!—A new one to us—and not a good one by any means. Try again.

They know, as well as we, that these charges are false. Our policy as set forth in the Resolutions of our Conventions and the platform of our party refute it—their own assertions that we are "Negro haters" and "Negro Worshippers" take care of each other, and yet knowing full well that the reiteration of false statements will keep us on the defensive, and occupy time in their denial—they continue to make them.

We can conceive of no other object for the reiteration of these silly falsehoods. We of the North are not alone in our "Negro Worshipping," it seems that

"Queen Victoria invited Sarah Bonetta, an African princess, boarding at Chatham, to the wedding of the princess, and sent her dresses suitable for the occasion."

Cannot Congress protest formally against such indecency as this? If we had Sarah here we could give her a few lessons on an Alabama cotton field, with honest John Mitchel the Irish Patriot, that would cure her of such impertinence, and her "dress for the occasion" would be "Nigger cloth" at 6 pence a yard. That a "nigger" a real, black, wooly "nigger"—with no pretence to aristocratic white blood, that so many of ours have, should be invited where our chivalry in vain might beg a card of admission, is enough to exasperate the South, and prompt our minister to demand his passports.

The folly of the North—"Negro Worship" is getting into aristocratic circles—there is hope of its adoption in Southern society now. Scarlet petticoats and "nigger worshiping" Vic's last experiments in taste. Long may they wave.

Messrs. Hunter and Biggs opposed the resolution.

Mr. Clay referred to a previous expenditure for the reception of a Turkish imposter. Also to that for wine and cigars for Kossuth. He thought we ought to be warned from past experience.

Providence, July 30, 1857.

C. A. P. Mason,—Dear Sir—I am now using the Alpine Hair Balm, which I had of you, with most happy results. On the 30th of June last, my hair (which had been gray for more than six years) was fast falling out; but on the third application of the Balm it ceased falling, and is now firmly rooted, and very nearly its original color. By the use of one bottle, I confidently expect a complete, permanent, luxuriant and original head of hair. If every gray haired skeptic would *try it*, they would soon become "living epistles, known and read of all men," as having used the Alpine Hair Balm. Yours, &c.

Mr Mason, Sir—I write to inform you how pleased I am with your Alpine Hair Balm.—My hair has been gray for a number of years, and I have been obliged to wear a front piece and cap; but have always found a difficulty when having a bonnet on to keep the front piece from working back and showing the white hair. Finally I concluded I would try your Alpine Hair Balm, I used one bottle only and my hair has come back to its natural color, which was brown. My hair is now perfectly free from dandruff and is soft and glossy.

Testimony in favor of Prof. O. J. WOOD'S Hair Restorative Voluntary Certificates, of which one will be published every week.

No. 19.

MILFORD, Worcester Co., Mass. Nov. 13, 1854

Prof. O. J. Wood—*Dear Sir*:—I take pleasure in bearing voluntary testimony, to the magic effects of your wonderful Hair Restorative. As far back as 1836 my hair commenced falling off, until the top of my scalp became bald and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many celebrated preparations for its restoration. Seeing your advertisement, I was induced to give your article a trial; and to my utter astonishment, I found after a few applications that my hair became firmly set, and assumed a very glossy and beautiful appearance; and by the time I had used a quart bottle, my bald head was covered over with a young and vigurous growth of hair, which is now from one to two inches in length, and growing very fast.

A BEAUTIFUL HEAD OF RICH GLOSSY HAIR

COMPLETELY PRESERVED TO THE GREATEST AGE

And who that is grey would not have it restored to former color? or bald, but would have the growth restored, or troubled with dandruff and itching but would have it removed, or troubled with scrofula, scald head, or other eruptions, but what would be cured, or with sick head ache, (neuralgia) but would be cured? It will also remove all pimples from the face and skin. Prof. Wood's Hair Restorative will do all this. See circular and the following.

ANN HARBOR, November 5, 1856.

PROF. O. J. WOOD—Dear Sir: I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quackery and quack nostrums, hair dyes, &c., I was disposed to place your Restorative in the same category with the thousand and one loudly trumpeted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its original beautiful brown color, and had thickened and become beautiful and glossy, upon, and entirely over the head; she continues to use it, not simply because of its beatifying effects upon the hair, but because of its healthful influence upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore, my skepticism and doubts in reference to its character and value are entirely removed; and I can and do most cordially and confidentially recommend its use by all who would have their hair restored from white or gray (by reason of sickness or age,) to original color and beauty, and by all young persons who would have their hair beautiful and glossy.

Very truly and gratefully yours,
SOLOMON MANN.

FRIEND WOOD:—It was a long time after I saw you at Blissfield before I got the bottle of Restorative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mrs. Mann's hair, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having witnessed its effects, are now using and recommending its use to others as entitled to the highest consideration you claim for it.

Again, very respectfully and truly yours,
SOLOMON MANN.

CARLYLE, ILL., June 28, 1852.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effects. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative it has resumed its original color, and; I have no doubt, permanently so.

Maryland State Lotteries.

F. FRANCE & CO., MANAGERS.

CAUTION NOTICE.

PERSONS living at a distance should be extremely cautious of whom they order Lottery Tickets or Certificates of Packages of Tickets. The country is flooded with bogus and swindling Lotteries. Every inducement is held out to get persons to invest money in them. Capital Prizes of from $20,000 to $10,000 head their schemes—with tickets at One Dollar. $100,000 Capital Prizes are offered, tickets $5. All such, in every instance, are frauds; and if money is sent to them for tickets, it is so much thrown away without the shadow of a chance of getting a prize. Beware of all Lotteries where the Capital Prize is unusually large in comparison to the price of tickets. In every instance where large prizes are offered for a small cost of tickets, put it down as a certain fraud.

The Kentucky State Lottery for the benefit of the Shelby College, under our management, is the only Lottery in the United States which is legally decided by the Maryland Drawings; all other Lotteries which purport to be decided by the Maryland Drawings are frauds.

THE MARYLAND STATE LOTTERIES.

Purchase in the Maryland State Lotteries, then you are sure of being right. And in ordering in the Maryland Lotteries, you are sure of fair and honest drawings.

One thing look to, and that is, if you order from any licensed vender in Baltimore, do not receive any but Managers' Tickets and Managers' Printed Certificates of Packages. The Managers' Certificates have the numbers printed, and have the lithographed signature of R. France & Co.

No one has a right to send his individual certificates, and if he does it, be sure there is a fraud at the bottom of it.

HOWARD ASSOCIATION

PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

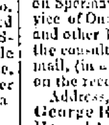

TO all persons afflicted with Sexual Diseases, such as **Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the Vice of Onanism, or Self-Abuse, &c. &c.**

The Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a **Charitable Act** worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their forms and to give **Medical Advice Gratis**, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to **Furnish Medicines Free of Charge.** It is needless to add, that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

Just published, by the Association, a Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, **Dr. George R. Calhoun**, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.
EZRA D. HEARTWELL, President.
GEO. FAIRCHILD, Secretary.

Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled Consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all powerful antidote to diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glassy eye, and the pale, thin features of him who was lately lusty and strong whisper to all but him CONSUMPTION. He tries everything; but the disease is gnawing at his vitals, and shows its fatal symptoms more and more over all his frame. He is taking the CHERRY PECTORAL now; it has stopped his cough and made his breathing easy; his sleep is sound at night; his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it accomplishes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough and all irritations of the throat and lungs are easily cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

Prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass., and sold by all Druggists everywhere. o22-d&w1mos

Highly Concentrated Compound Fluid Extract Buchu,

For Diseases of the Bladder, Kidneys, Gravel Dropsy, Weakness, Obstructions, Secret Diseases, Female Complaints, and all Diseases of the Sexual Organs,

Arising from Excesses and Imprudencies in life, and removing all improper Discharges from the Bladder, Kidneys, or Sexual Organs whether existing in

MALE OR FEMALE,

From whatever cause they may have originated,

And no matter of how long standing, giving Health and Vigor to the Frame, and Bloom to the Pallid Cheek.

JOY TO THE AFFLICTED!

It cures Nervous and Debilitated Sufferers, and removes all the symptoms among which will be found

Indisposition
to Exertion, Loss of
Power, Loss of Memory,
Difficulty of Breathing, General Weakness, Horrors of Disease, Weak Nerves, Trembling, Dreadful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, Often Enormous Appetite, with Dyspeptic symptoms, hot hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back,

Heaviness of the Eyelids, Frequently black spots flying before the eyes, with Temporary Suffusion and Loss of Sight; Want of attention, Great Mobility, Restlessness, with horror of society. Nothing is more desirable to such patients than solitude, and nothing they more Dread for fear of themselves; no repose of manner, no earnestness, no speculation, manner, no earnestness, no speculation, but a hurried transition from one question to another.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows Loss of Power, Fatuity, and Epileptic Fits—in one of which the patient may expire. Who cannot say that these excesses are not frequently followed by those direful diseases of *Insanity and Consumption!* The records of the *Insane Asylums*, and the melancholy deaths by *Consumption*, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither mirth or grief ever visits it. Should a sound of the voice occur it is rarely articulate

"With woful measures wan despair
Low sullen sounds his grief beguiled."

Debility is most terrible! and has brought thousands upon thousands to untimely graves thus blasting the ambition of many noble youths. It can be cured by the use of this

INFALLIBLE REMEDY.

If you are suffering with any of the above distressing ailments, the *Fluid Extract Buchu* will cure you. Try it and be convinced of its efficacy.

Beware of Quack Nostrums & Quack Doctors who falsely boast of abilities and references.—Citizens know and avoid them, and save long suffering, money and exposure, by sending or calling for a bottle of this popular and *Specific Remedy*

It allays all pain and inflammation, is perfectly pleasant in its taste and odor and immediate in its action.

HELMBOLD'S
EXTRACT BUCHU

Is prepared directly according to the rules of Pharmacy and Chemistry, with the greatest accuracy and chemical knowledge and care devoted in its combination. See Professor Dewees' Valuable Works on the Practice of Physic, and most of the late standard works of medicine.

One hundred dollars will be paid to any physician who can prove that the medicine ever injured a patient; and the testimony of thousands can be produced to prove that it does great good. Cases of from one week to thirteen years' standing have been effected. A CARD TO THE LADIES.

Dr. Duponco's Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting, regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others, that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Church street, and at 12 Washington Square, opposite State House. Orders for the trade so addressed will be supplied at lowest manufacturer's prices. AMERICAN AND FOREIGN OFFICE.

R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
No. 76 STATE, OPPOSITE KILBY ST., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through its inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston did business at the Patent Office, as Solicitor of procuring Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents

From the present Commissioner.

August 17th, 1855.—During the time I have held the office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, has been extensively engaged in the transaction of business with the office, as a solicitor. He is thoroughly acquainted with the law, and the rules of practice of the Office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON

LOTTERIES.

LOTTERIES.—The Lotteries of Samuel Swan & Co., are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner.—They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The managers would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co., are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2 50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mistify the buyer. Prizes vary from $10 to $50,000; every prize being drawn and result of drawing forwarded to all purchasers.

A list of the numbers that are drawn from the wheel, with the amount of the prize that each one is entitled to, will be published after every drawing, in the following papers:—Augusta (Geo.) Constitutionalist, New Orleans Delta, Mobile Register, Charleston Standard, Nashville Gazette, Atlanta Intelligencer, New York Weekly Day Book, Savannah Morning News, Richmond Dispatch, New York Dispatch and Paulding (Miss.) Clarion.

S. SWAN & Co., Augusta, Georgia.

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential.

GEORGIA LOTTERIES.

THE Lotteries of Anderson & Son, are chartered by the State of Georgia, and have sworn commissioners appointed by the State, to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawings. Another fact which the managers call attention to is, that all persons have a legal right to send orders for tickets to Georgia, as lotteries are legalized by a special law in that State. A lottery is drawn at Savannah, Ga., about the 15th of every month, and another is drawn at Macon Ga., *every Saturday throughout the year.* If no particular class is named, orders are filed by the first drawing to take place after the communication comes to hand. The prices of tickets are from $1 to $19. No tickets are, however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket and are so simple that none can fail to understand them. There is no combination of numbers, which has so mystified the community for years past. Prizes vary in amount from $10 to $60,000. Every prize being drawn, and result of drawing, or other information, forwarded to all purchasers.

A list of the numbers that are drawn from the wheel, with the amount that each prize is entitled to, will be published after every drawing, in the following papers; New Orleans *Delta*, Savannah *News*, New York *Dispatch*, and New York *Atlas*. Write your address plainly, and direct to
ANDERSON & SON, Managers,

Prizes are paid in full: no per centage deducted from prizes, as in other lotteries. *All communications are strictly confidential.*

LOTTERIES.—The well known Maryland Consolidated Lotteries, of which R. France & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day in the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes to hand. The prices of tickets vary from $1,00 to $20.—No tickets however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan), and Ternary combination. Prizes vary in amount from $20 to 1000,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over. Address

MEDICINES.

THE GREATEST WONDER OF THE AGE.

A REMEDY which CURES IN FIVE MINUTES.—M. LEROUX'S French Cholera Cognac Bitters. This truly wonderful scientific compound is recommended by the most eminent and learned physicians of all Europe and America, and enjoys the best reputation of anything similar ever offered. It is without doubt, the best most efficient and generally acknowledged remedy against cholera, dysentery, diarrhoea, and complaints of the stomach in general. The numerous patients who have tried it according to directions have invariably found relief in a very short time, and the best proof of it is, that since this standard remedy was introduced in the armies of the Allies in the Crimea, the mortality of the soldiers from cholera and similar diseases was diminished by over 75 per cent.; in consideration of which, the inventor was presented by the French and English governments with a gold medal, bearing the inscription, "Hail! M. Leroux, the great chemist and inventor, by whose knowledge our armies are preserved from cholera."

This invaluable preparation is also a remedy for billiousness, indigestion, weakness, and general derangement of the stomach. Upon being taken, it creates appetite, and prevents the heaviness attendant upon eating by persons who are dyspeptic.

In this city, also this remedy has been tried with the most undoubted success, and the undersigned can produce the best testimonials of our most celebrated physicians, as to its immediate and complete success, which he will be happy at any time to show to any that may wish to see them. S. STEINFELD,
Sole Agents for the United States, 70 Nassau street, corner of John, N. Y.

P. S.—Those not able to pay, may call at my place from 3 to 5 p. m., and receive this remedy gratis. s19—1y

CAUTION.—In consequence of the merited popularity of the Lykins Valley Coal, and its economy for family use, some dealers in this city are buying a spurious article similar in appearance, and offering the same for the genuine coal. We take this method of cautioning the public against such deception.
